ART + DESIGN

After Paris, London and Geneva, PAD is releasing its new edition PAD Monaco in collaboration with artmonte-carlo, and takes place in the Grimaldi Forum, from April 26 to 28 2019. Thus creating on the french riviera a new artistic platform for Contemporary Art, Decorative Arts and Design.

PAD Monaco presents an exclusive selection of about thirty international galleries, which offer visitors works belonging to Contemporary Design and 20th century Design, Tribal Arts and Jewellery.

An opportunity for Design lovers and collectors to discover the most beautiful pieces on the market, highlighted by an original and meticulous scenography.

This first Monaco edition honours vintage and contemporary jewellery; combining eclecticism, authenticity and expertise, the eight exhibitors present unveil surprising and refined creations.
