03-07 APRIL 2019
TUILERIES

Key event for international art and design enthusiasts and collectors, PAD Paris returns to Les Tuileries from April 3rd to 7th, 2019 for a promising 23rd edition.

PAD Paris is evolving to create new dialogues between Modern Art, Historical and Contemporary Design, Jewellery, Primitive Arts, and to affirm an original identity and a unique point of view on the Art of Living and Collection Design.

PAD Paris invites us to discover the eclectic universe of a sharp selection of French and International gallery owners, to whom it offers an intimate setting, like a vast cabinet of curiosities.

PAD Paris offers a public of enthusiasts an exceptional journey through creation and also across the specialities and personalities of the gallery owners.

Marie-Laure Jousset, Honorary Chief Curator of Design at the Centre Pompidou and President of the PAD Paris Jury, will be surrounded by the best collectors, curators, architects and decorators passionate about design to award the Stand Prize, the Contemporary Design Prize and the 20th Century Design Prize.

Studio PAD 2019 is designed by Pinto Paris.
